Discover Why Homeowners Love the Abigail. The Abigail townhome has quickly become a favorite for its perfect blend of smart design and effortless flow. It's a home that lives much larger than its footprint, anchored by an expansive main level where the massive kitchen island serves as the ultimate gathering spot. Upstairs, life is made easier with a dedicated laundry room and three sun-filled bedrooms, including a private retreat for the owner. With its one-car garage and a lower level that's a blank canvas for your future gym or media room, the Abigail offers the enduring quality you've been looking for.
